

**Temporary Attendance Protocol for Remote Learners
(2020-21 COVID-19 Pandemic)**

By choosing the remote learning option, parents will assume the role of keeping attendance. The school will not mark a student absent unless the parent calls the school to inform the administrative assistant or administrator that the student will not be able to watch the teacher's instruction on that day. Otherwise, the school will assume that the student will either watch the live or recorded session of that day's lesson(s).
